The City of Hersonisos extends, starting from the north coast of central Crete, until the ridges of the Lasithi mountains a few kilometers from the international airport "Nikos Kazantzakis" Heraklion.

Includes separate settlements with particular characteristics and color.

Discover the hidden side of Hersonisos ... Make sure you have the time to enjoy your choices ...

Hersonisos is known as the most organized tourist destination in Crete.

It is known for its high quality hotel facilities, conference facilities, but also the natural beauty of the coastline.

The beautiful beaches, the nightlife and mass tourism, however, is only one side of the coin "Hersonisos".

On the other side, the least known, is rich and pristine hinterland, dotted with historical monuments and landscapes of unimaginable natural beauty.

Natural routes of the Municipality of Hersonissos are also time paths, the rich history of a blessed place.

From the southern edge of the hill on the outskirts of the Kera Lassithi plateau, until the northern boundary of the Port, with the Roman and Byzantine antiquities, Hersonisos will reward visitors with rich images, forgotten flavors from traditional Cretan hospitality.

The Hersonisos of Greece ... Leave and you tracks to your favorite tourist destination ...

In the organized infrastructure of the north, breath culture and exit are the cultural routes, walking paths to forgotten ancestors, visits to villages of Lagada.

And we have something for everyone: for fans of sports (golf, water sports, Paragliding, mountain bike) for small young visitors (playgrounds, farms animals), for friends of good food and wine, a rich agricultural production.
